It is rightly said that "The power of the Web is in its universality. Access by everyone regardless of disability is an essential aspect." (Tim Berners-Lee, W3C Director and Inventor of the World Wide in 1989, about 20 years after the first connection was established over what is today known as the Internet

Rehabilitation Council of India and Media Lab Asia launched an interactive and informative Web Portal 'Punarbhava' on Disability and Rehabilitation on March 12, 2008. Web Portal 'Punarbhava' adhere to Web Content Accessibility Guidelines of the World Wide Web Consortium (W3C)

Web services on the Portal

(W3C) that works to make the web accessible to all users, despite differences in ability and physical limitations. The services and information, related to disability and rehabilitation, offered by various government bodies, are spread over hundreds of websites at various levels of navigation hierarchy and many of them remain largely unnoticed. The Portal acts as a platform to connect all these services at one place
